

RESEARCH PROJECTS IN THE DEPARTMENT OF DERMATOLOGY

<https://www.vims.ac.in/education/dermatology-research.html>

SI No	Thesis Topic	Pg	Guide
1	A study of clinical, demographic and dermoscopic evaluation of periorbital melanosis	Dr.Durga Sindhura Maddi	Dr Manjunath K G
2	Clinical and dermoscopic assessment of patients with hypopigmented skin lesions: A cross-sectional study	Dr.Manisha Mareddy	Dr Mamatha P
3	Dermoscopic evaluation of hyperpigmented/Melanocytic dermatoses of face	Dr.Neha V	Dr Bhanuprakash
4	Estimation of levels of serum 25-OH vitamin D and vitamin B12 among psoriasis vulgaris patients: A case control study.	Dr.Aparna K	Dr Bhanuprakash
5	Cutaneous and autoimmune profile of scleroderma patients in a tertiary care centre: A cross sectional study	Dr Abhijeet	Dr Manjunath K G
6	Socio-demographic and clinical profile of palmoplantar dermatoses in adults - A cross sectional study.	Dr B Spoorthy	Dr Bhanuprakash
7	A study of the correlation between cutaneous and nailbed capillaroscopy among patients with connective tissue diseases at a tertiary care centre.	Dr S Shalini	Dr Bhanuprakash
8	Correlation between plasma D- dimer levels and severity of urticarial among patients with chronic urticarial.	Dr C Nikitha	Dr Manjunath K G
9	Socio-demographic and clinical profile of patients with intertriginous dermatoses – A cross sectional study.	Dr Manoj kumar A S	Dr Bhanuprakash
10	Evaluation of serum uric acid and lipid profile in lichen planus	Dr. Haarika Sadhu	Dr Bhanuprakash
11	The Evaluation of serum prolactin levels in psoriasis	Dr. Madireddy Rakesh Reddy	Dr Bhanuprakash
12	Correlation of serum 25-OH vitamin D and C reactive protein levels in alopecia areata.	Dr. Priya Kaushik	Dr Bhanuprakash
13	Correlation between insulin resistance and psoriasis.	Dr. Vishnu Priya Vangala	Dr Manjunath K G
14	A comparative study of efficacy and safety between intralesional triamcinolone acetone and intralesional platelet rich plasma in treatment of alopecia areata of the scalp.	Dr.Y M Tejas	Dr Manjunath K G
