

**Dr. SANTHOSH B MBBS, MS General Surgery, DNB General Surgery**  
**Assistant Professor Department of General Surgery and Alumni of VIMS & RC**

VIMS & RC is my alma mater, where my journey of life started as a Medical Student in 2010, and from then, it has been the foundation of my medical career. This esteemed institution has guided me at every step and has been instrumental in shaping my future as a General Surgeon. Madam Mrs. Kalpaja D A, our esteemed Chairperson, has encouraged me and is an inspiration to succeed in this magnificent institute which has progressed in leaps & bounds to which I have been a witness. My teachers and post-graduate guides have laid a strong foundation and given me guidance and encouragement to persevere and achieve the best. I will remain grateful to the Madam Chairperson, Mrs. Kalpaja D A, and Management for having provided me with several opportunities at every step, encouraging me to prepare for Higher Studies, as well as shaping my personality as an individual and as a general surgeon to serve humanity.

Today due to all the support of my family, institute, and teachers, I have secured a Super Specialty seat, and I embark on a new journey as a trauma surgeon at AIIMS Rishikesh. I take this opportunity to express my heartfelt gratitude to Madam Chairperson Mrs. Kalpaja D A, My teachers, and especially the dynamic General Surgery Department at VIMS & RC.

Given the multitude of trauma cases that I have witnessed in the department of General Surgery, I felt inspired to take up trauma surgery.

I wish to be a part of my alma mater and its Vision & Mission, where my dream is to start a specialized trauma center here and lead successfully.
