

**Academic Schedule January-2024**  
**Department Of Radiation Oncology**

Date	Topic	Presentor	Moderator
01-01-2024	R's of Radiobiology	Dr Divya	Dr Geeta SN
02-01-2024	Management of Hodgkins Lymphoma	Dr Sarath	Dr Hasib
03-01-2024	Interactions of Ionizing Radiation with Matter	Dr Naresh	Dr Arpitha
04-01-2024	Mangement Of Non Hodgkins Lymphoma	Dr Emil	Dr Kiran
05-01-2024	MSB		
08-01-2024	Group Discussion	Dr Sindhu	Dr Pranitha
09-01-2024	Journal Club	Dr Nidhi	Dr Veda
10-01-2024	RT Techniques in Lymphoma	Dr Sandhyarani	Dr Kashyap
11-01-2024	Management of Basal Cell Skin Cancer	Dr Vigneshwari	Dr Geeta SN
12-01-2024	MSB		
15-01-2024	Clinical Radiation Generators-I (LINAC)	Dr Sachin	Dr Arpitha
16-01-2024	Journal Club	Dr Namratha	Dr Hasib
17-01-2024	Management of Squamous cell Skin Cancer	Dr Shreya	Dr Kiran
18-01-2024	Cell Survival Curves	Dr Mamatha	Dr Pranitha
19-01-2024	MSB		
22-01-2024	Group Discussion	Dr Ankita	Dr Veda
23-01-2024	Journal Club	Dr Sakshi	Dr Kashyap
24-01-2024	Clinical Radiation Generators-II	Dr Annapurna	Dr Kiran
25-01-2024	Malignant Melanoma	Dr Kamakshi	Dr Pranitha
29-01-2024	Group Discussion	Dr Rodhe	Dr Kashyap
30-01-2024	Journal Club	Dr Aaradhana	Dr Kiran
31-01-2024	Staff Class	Dr Veda	

  
 Dr. Geeta SN  
 Head of the Department  
 Radiation Oncology  
 Professor & Head, Dept. of Radiation Oncology  
 Vydehi Institute of Health & Research Centre  
 No. 82, East Bangalore-560066  
 Phone: 37870

**Vydehi Institute of Medical Sciences and Research Center**  
**Department of Orthopaedics**  
**(4<sup>th</sup> MBBS) R53 - MBBS 9<sup>th</sup> term**

**Lectures**

**Friday: 03.00 PM to 04.00PM**

*Orthopaedic Seminar hall*

*odd Batch*

Sl no	Date	Topic	Staff
1	19/1/2024	Aetiopathogenesis, clinical features, investigations, principles of management of malignant bone tumours – Adamantioma, Malignant fibrous histiocytoma	Dr Srujan
2	26/1/2024	Holiday	
3	2/2/2024	Dislocation of major joints, shoulder, knee, hip  Fracture with eponyms	Dr Amarnath
4	9/2/2024	Types of Fractures, classification, complications of fractures (infection, compartment syndromes, fat embolism, CRPS, Myositis ossificans etc),	Dr Shahid
5	16/2/2024	Anatomy of bone, Types of fracture healing, stages of healing, Factors affecting fracture healing (complications of fractures - Non union, malunion)	Dr Shashank
6	23/2/2024	AO concepts of fracture treatment, Functional bracing, Ilizarov's technique	Dr Hiranya kumar S
5	01/3/2024	Fractures in children – relevant anatomy, Growth of long bone, SH classification, management Pulled elbow	Dr Aravind J D
6	08/3/2024	Describe and discuss the aetiopathogenesis, clinical features, investigations and principles of management of bone and joint infections. <b>a) Acute Osteomyelitis. b) Subacute osteomyelitis. c) Septic arthritis &amp; HIV infection d) chronic osteomyelitis</b>	Dr Karthik M N
7	15/3/2024	Describe and discuss the aetiopathogenesis, clinical features, investigations and principles of management of <b>peripheral nerve injuries of Upper Limb</b>	Dr Vishwanath M S
8	22/3/2024	Describe and discuss the aetiopathogenesis, clinical features, investigations and principles of management of <b>peripheral nerve injuries of Lower limb</b>	Dr Varun GBS
9	29/3/2024	Arthroscopic surgery – indications, advantages, procedure, limitations Joint replacement surgery- hemiarthroplasty hip, total joint arthroplasty hip & knee, partial knee replacement	Dr Supreeth D R
10	5/4/2024	Injuries around the shoulder – anatomy, clavicle, scapula, humerus-proximal & shaft	Dr Shivraj
11	12/4/2024	Injuries around elbow – anatomy, supracondylar fracture of humerus, intercondylar, lateral condyle, medial condyle, olecranon, radial head & neck, capitulum	Dr Girish
