## PUBLIC ADVISORY / NOTICE

### **Subject: Clarification Regarding Official Website and Admission Channels & Warning Against Unauthorized Website (vydehi.in)**

This is to inform all prospective students, parents, guardians, and the general public that the website <https://vydehi.in/> is **not owned, operated, or authorized** by our institution. The said website is managed by an unrelated third party and has no official affiliation with us.

It has come to our attention that this website is presenting itself in a manner that may mislead visitors into believing it is associated with our institution. Additionally, it appears to be engaging in activities related to admissions, including publishing information that may be perceived as official. Such actions are **unauthorized and misleading**.

We strongly caution all stakeholders that relying on information from this website may lead to misinformation, confusion, or potential fraudulent practices.

### **Official Communication & Admissions**

All official information regarding admissions, courses, eligibility, fees, announcements, and application procedures is published **only through the institution's official website:**  
☞ <https://www.vims.ac.in/>

Applicants and stakeholders are strictly advised to:

- Rely only on the above official website for all authentic information
- Verify all communication through official institutional channels
- Avoid making payments or sharing personal information on any unverified or third-party websites

### **Important Advisory**

The institution will **not be responsible** for any loss, damage, or consequences arising from reliance on information or transactions conducted through unauthorized websites, including <https://vydehi.in/>.

We are taking appropriate steps to address this matter. In the meantime, all stakeholders are urged to remain vigilant and depend solely on verified institutional sources.

For any clarification, please contact the institution through officially published communication channels.

healing you™
